

## Interested in Weight Loss?

Are you interested in participating in a weight loss research study at the University of Colorado? We are researching an investigational device for weight loss in obese adults. The device is an intragastric balloon that is swallowed in capsule form. Qualified participants will receive dietary counseling at each visit. The study will last approximately 12 months. Participants will be compensated up to \$375 for completing the study.

### You may qualify for this weight loss research study if you:

- \*Are between 22 – 65 years old
- \*Have a BMI between ( $\geq 30$  and  $\leq 40$ ) - Check your BMI at: [https://www.nhlbi.nih.gov/health/educational/lose\\_wt/BMI/bmi-m.htm](https://www.nhlbi.nih.gov/health/educational/lose_wt/BMI/bmi-m.htm)
- \*Are willing to participate in approximately monthly study visits at the Anschutz Medical Campus
- \*Do not have insulin-dependent type 1 or type 2 diabetes
