

ARE YOU INTERESTED IN PARTICIPATING IN AN EXERCISE AND APPETITE STUDY AFTER CANCER TREATMENT?

You may be eligible if you:

- Are female
- Are 18-45 years old
- Have a BMI between 25–35
- Completed active treatment for early stage breast cancer in the last 6 months

These criteria are a partial list of requirements to participate in this research study. Only a study member can determine eligibility

Participation will include:

- 12 weeks instruction on resistance and aerobic exercise
- Blood draws and questionnaires before and after the exercise intervention
- Body composition and resting metabolism measurements
- 2 provided meals/study visit

Compensation provided

If interested in participating please contact Sarah Purcell at sarah.purcell@cuanschutz.edu
